

CICADA 3301 METaverse LLC.

Since its inception, Cicada 3301 has attracted many admirers from around the world.

Many of these admirers are true and sincere, however unfortunately there have been some at times that have claimed to be part of Cicada 3301 and do not share our values.

Cicada 3301 is a pilgrimage – a renaissance – and we welcome community engagement, but we condemn those making false claims of association that engage in activities that do not share our values.
